India

**To Whom It May Concern,**

This is to certify that **Piyush Mahajan** has been employed by **Tangible IT** as a **Full-Time AI-Driven Full-Stack Developer** since **March 7, 2025**. During his tenure, Piyush has contributed to the development of innovative, AI-driven solutions tailored for the academic industry.

His responsibilities included building scalable full-stack applications, integrating artificial intelligence components, maintaining backend services, and participating in the design of high-impact educational technologies. Piyush worked in a fully remote capacity, adhering to a consistent and professional schedule, and actively collaborated with a team of passionate developers and researchers.

Throughout his time with us, he demonstrated strong technical skills, creative problem-solving abilities, and a proactive approach to delivering results. He played a vital role in several key projects and consistently upheld the standards of confidentiality and intellectual property outlined in his terms of employment.

We found Piyush to be a dedicated, reliable, and highly competent team member. He will be an asset to any organization he chooses to work with in the future. We are pleased to recommend him for future employment opportunities.

Please feel free to contact us for any further information.

Best regards,

**Luis Silva**
